

НОВИ КНИГИ ОТ ФАО

постъпили в библиотеката през месец април 2019 г.

Централна университетска библиотека Тракийски университет
Направление Развитие и управление на колекции, Д. Стоянова

Област на знанието: *Динамика на икономиката. Икономическо движение*

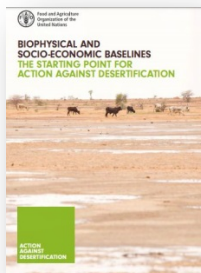

Сигнатура: ЕК

[Guidelines on irrigation investment projects, 2018.](#)

This publication covers the project cycle: from project identification, preparation, appraisal and negotiation, to implementation and evaluation, including specific innovations such as water accounting and auditing, and evapotranspiration-based water-saving. (FAO)

Предметни рубрики: напояване - инвестиции

Област на знанието: *Регионална икономика. Териториална икономика. Поземлена собственост. Икономика на недвижимата собственост*

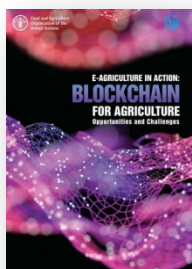

Сигнатура: ЕК

[Biophysical and socio-economic baselines : the starting point for action against desertification, 2018.](#)

According to this paper, by the time this project concludes in 2019, it will have resulted in the restoration of more than 35 000 ha of degraded land in the countries where it has been implemented, benefiting over 500 000 small-scale farmers. The Action Against Desertification (AAD) project supports eight countries - Burkina Faso, Ethiopia, Fiji, Gambia, Haiti, Niger, Nigeria and Senegal - in the Africa, Caribbean and Pacific Group of States in the sustainable management and restoration of degraded land. (FAO)

Предметни рубрики: земеползване - райони, пустинни ; опустяване - борба с опустяването ; селскостопански мелиорации

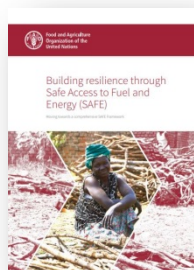

Сигнатура: ЕК

[Sylvester, Gerard. E-agriculture in action: Blockchain for agriculture : opportunities and challenges, 2019.](#)

According to this paper, blockchain could be useful for land registrations, where it can provide an incorruptible ledger, as well as in supply chains, where it would serve as an immutable record from the farm gate to the store. (FAO)

Предметни рубрики: земеделски земи - регистрация - блокчейн технологии

Област на знанието: *Хранителен комплекс (икономика на храненето, икономика на храните, хранителни продукти). Продоволствен въпрос*

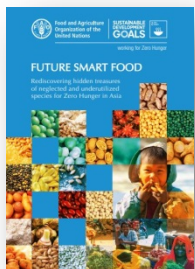

Сигнатура: ЕК

[Building resilience through Safe Access to Fuel and Energy \(SAFE\) : moving towards a comprehensive SAFE framework, 2018.](#)

This paper shows how SAFE contributes to ensuring a sustainable supply of energy - both addressing energy demand and promoting sustainable livelihoods and how it can have important multiplier effects, including improved food security and reduced malnutrition. (FAO)

Предметни рубрики: достъп до горива - устойчив поминък ; продоволствена сигурност

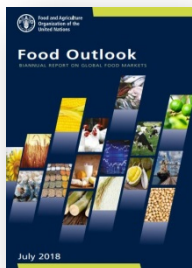

Сигнатура: ЕК

[Future smart food : rediscovering hidden treasures of neglected and underutilized species for Zero Hunger in Asia, 2018.](#)

This publication demonstrates the benefits of neglected and underutilized species, including amaranth, sorghum and cowpea, and their potential contribution to achieving Zero Hunger in South and Southeast Asia. (FAO)

Предметни рубрики: борба с глада - бобови растения - Азия

Област на знанието: *Общи въпроси на търговията. Пазар*

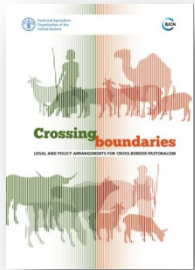

Сигнатура: ЕК

[Food Outlook : biannual report on global food markets, July 2018, 2018.](#)

An analysis of medium-term global market and policy developments affecting wheat, rice, meat and fishery products, amongst others. This issue includes special features on minor tropical fruits, including guava and lychee, and insights into food import bills. (FAO)

Предметни рубрики: храни - пазари

Област на знанието: *Международно право*

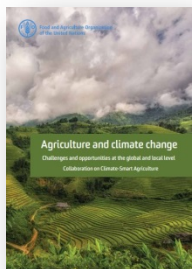

Сигнатура: ЕК

[Crossing boundaries : legal and policy arrangements for cross-border pastoralism, 2018.](#)

This report examines how pastoral mobility is affected by the creation of unnatural boundaries, and how societies deal with these constraints through legal or informal arrangements, including bilateral treaties, regional agreements, national legislation and soft law. (FAO)

Предметни рубрики: животновъдство - пресичане на граници - международни споразумения

Област на занieto: *Обща геология. Метеорология. Климатология*

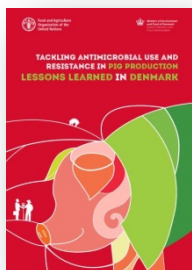

Сигнатура: ЕК

[Agriculture and climate change : challenges and opportunities at the global and local level Collaboration on Climate-Smart Agriculture, 2019.](#)

This publication presents the achievements of the International Alliance on Climate-Smart Agriculture project, which include capacity development, training, information-sharing and several country studies. (FAO)

Предметни рубрики: земеделие - промени на климата

Област на знанието: *Ветеринарна медицина*

Сигнатура: ЕК

Tackling antimicrobial use and resistance in pig production : lessons learned in Denmark, 2019.

This report describes a campaign to limit the use of antimicrobials - specifically antibiotics - in the Danish swine-producing sector, and helps identify ways forward to limit the emergence and spread of antimicrobial resistance that can threaten public health, animal health and safe food production worldwide. (FAO)

Предметни рубрики: антимикробни средства - устойчиво свиневъдство - Дания

Област на знанието: *Гори, горско стопанство и използване на горските продукти*

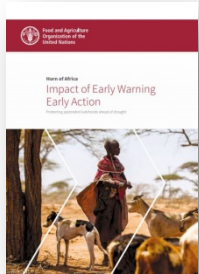

Сигнатура: ЕК

The State of the World's Forests 2018 : forest pathways to sustainable development, 2018.

A look at the links between forests and trees and the Sustainable Development Goals, including for water quality, climate, biodiversity, future energy needs and designing sustainable cities. (FAO)

Предметни рубрики: гори - устойчиво развитие - света

Област на знанието: *Животновъдство (общи въпроси). Скотовъдство. Развъждане на домашни животни*

Сигнатура: ЕК

[Horn of Africa : impact of early warning early action : protecting pastoralist livelihoods ahead of drought, 2018.](#)

This study analyses the outcomes of early actions implemented in Kenya, Somalia and Ethiopia in 2017, evaluating how effective they were in mitigating the impact of severe drought on vulnerable pastoralist livelihoods, as well as quantifying related benefits. (FAO)

Предметни рубрики: суша - системи за ранно предупреждение - хранене на животните

Област на занieto: *Лов. Риболов. Рибно стопанство*

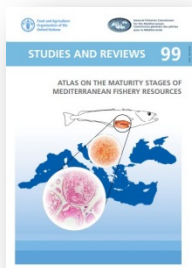

Сигнатура: ЕК

[Achieving Blue Growth : \[building vibrant fisheries and aquaculture communities\], 2018.](#)

This publication presents FAO's Blue Growth Initiative, showing how fisheries and aquaculture contribute to the 2030 Agenda Sustainable Development Goals (SDGs). (FAO)

Предметни рубрики: рибарство - устойчиво развитие - син растеж

Сигнатура: ЕК

[Atlas of the maturity stages of Mediterranean fishery resources, 2019.](#)

This atlas aims to develop sound approaches to maturity sampling for a wide range of species, based on an accurate and precise determination of the different maturity stages. It includes a validation-based histological analysis. (FAO)

Предметни рубрики: рибни ресурси - Средиземно море - атласи

Сигнатура: ЕК

Bealey, Roy и др. [The Caribbean Billfish Management and Conservation Plan, 2019.](#)

This paper reports on the Plan's objectives, including improving data collection and reporting, and reducing bycatch, discards and overall fishing mortality of billfishes in order to achieve sustainable stock levels throughout the region. (FAO)

Предметни рубрики: морски риболов - свръхулов - устойчиво рибарство

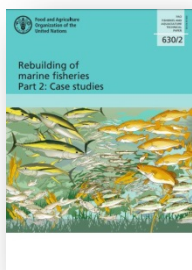

Сигнатура: ЕК

[Exploring Sustainable Development Goal 14.b and its proposed Indicator 14.b.1 : workshop proceedings, 28-29 November 2017 Gaeta, Italy, 2018.](#)

This workshop explored the Indicator methodology, data and information sources, analysis and reporting, including the use of an ad hoc e-learning platform and identified capacity development needs in relation to reporting on SDG 14.b. (FAO)

Предметни рубрики: риболов - устойчиво развитие

Сигнатура: ЕК

***Garcia, Serge M. и др.* [Rebuilding of marine fisheries : part 2. Case studies, 2018.](#)**

bThis report provides 13 case studies of fisheries rebuilding initiatives, including measures to regulate exploitation patterns for cod and herring in the Northeast Atlantic, and a performance assessment for Eastern Atlantic and Mediterranean Bluefin tuna. (FAO)

Предметни рубрики: риби, морски - риболов - устойчиво развитие ; Атлантически океан ; Средиземно море

Сигнатура: ЕК

[Global review of orange roughy \(Hoplostethus atlanticus\), their fisheries, biology and management, 2018.](#)

This paper shows that there are still challenges to making orange roughy fisheries more sustainable, including understanding deep-water benthic communities, their genetics and distribution, dispersal, and ability to recover from impacts. (FAO)

Предметни рубрики: Атлантически големоглав - улов - устойчиво рибарство

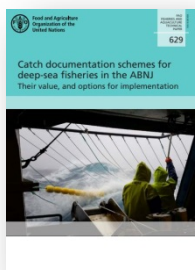

Сигнатура: ЕК

[Global review of safety at sea in the fisheries sector, 2018.](#)

bDrawing on previous surveys and country statistics, this report gives a regional overview of safety at sea, particularly for the small-scale fisheries sector. It notably focuses on vessel design, data recording, legislation and fisheries management. (FAO)

Предметни рубрики: морски риболов - риболовни кораби - безопасност

Сигнатура: ЕК

***Hosch, Gilles.* [Catch documentation schemes for deep-sea fisheries in the ABNJ : their value, and options for implementation, 2018.](#)**

This report demonstrates the relevance of a properly designed catch documentation scheme for deep-sea fisheries, and how it could be applied to make substantive contributions to sustainable fisheries management. (FAO)

Предметни рубрики: дълбоководен риболов - улов - устойчиво рибарство

Област на знанието: *Хартиена промишленост. Изделия от хартия и картон*

Сигнатура: ЕК

[Recovered paper data 2017, 2019.](#)

This publication presents the results of a statistical survey on recovered paper utilization by country and by paper sector. The survey results are complemented by global data on the collection, consumption and trade of recovered paper. (FAO)

Предметни рубрики: хартиена промишленост - рециклирана хартия
