WELCOME ADDRESS

*To
the Organizing Committee and Delegates of
the **International Conference on Technics,
Technologies and Education (ICTTE-2019)***

Esteemed delegates, Dear colleagues, Dear guests,

It is my great pleasure to welcome you to the International Conference on Technics, Technologies, and Education (ICTTE) 2019

This scientific event gathers together participants from nine countries who will give over 90 plenary lectures and oral talks, as well as numerous posters. The main objective of this meeting is bringing together the most prominent researchers and professors in the field of Computer technology and applied mathematics, Electrical engineering, Energy efficiency, Food science and technologies, and Education technologies, among others.

The conference will be an excellent opportunity for delegates to share their ideas, knowledge, and experience, and to settle many fruitful future cooperations.

Please, allow me on behalf of the staff of the Institute of Chemical Engineering and my behalf to congratulate you and to wish you a successful and fruitful conference. I wish all participants good health, professional prosperity, and success in this high-level forum.

Enjoy the conference time in the beautiful city of Yambol.

Sincerely yours,

*16.10.2019
Sofia*

*Prof. Dr. Dragomir Yankov
Director of the Institute of Chemical Engineering,
Bulgarian Academy of Sciences*
