

PARTICIPATION OF FVMSZ ACADEMIC STAFF IN NATIONAL AND INTERNATIONAL PROJECTS

1. Investigation on the effects of electromagnetism on reduction of subcutaneous adipose tissue and stimulation of collagen and elastan production in domestic pig model – BTL Industries.

Project leader Assoc. Prof. Dian Kanakov.

Budget: 12,000 €.

2. H002/23.07.2018 Investigation of efficacy of veterinary medicinal products of tilmicosin and tiamulin in pigs infected with *Actinobacillus pleuropneumoniae* - Huvepharma, Belgium 2018-2019.

Project leader: Prof. Aneliya Milanova.

Budget: 16 000 € .

3. Investigation on the efficacy of local eprinomectin 0.5% w/v when distributed at 1 mg/kg body weight in sheep and goats naturally infected with *Oestrus ovis* larvae - Merial GmbH

Project leader: Assoc. Prof. Zvezdelina Kirkova

Budget: 10 000 € .

4. Efficacy and safety of local treatment with ML-3,353 475 500T against infection with fleas and/or ticks and flea allergic dermatitis in cats in field conditions throughout a month- Merial GmbH.

Project leader: Assoc. Prof. Zvezdelina Kirkova

Budget: 6 000 € .

4. Field investigation on the efficacy of spot-on solution of fluralaner 280 mg/ml + moxidectin 28 mg/ml, after single local application at a dose of 25 mg and 2.5 mg moxidectin per kg body weight in dogs naturally infected with gastrointestinal nematodes – 30 additional cases - MSD Animal Health Infvation GmbH

Project leader: Assoc. Prof. Zvezdelina Kirkova

Budget: 14 000 € .

5. Investigations on the pharmacokinetics of florfenicol in swine – contract with Huvepharma

Project leader: Prof. Aneliya Milanova.

Budget: 2 500 € .

6. Investigations on apramycin – contract with Huvepharma

Project leader: Prof. Aneliya Milanova.

Budget: 1 100 € .

7. Investigation on the pharmacokinetics of tiamulin in calves – contract with Huvepharma

Project leader: Prof. Aneliya Milanova.

Budget: 1 800 € .

8. Prof. Stoycho Stoev - Coordinator of FP7 IRSES project of EC in regard to International Research Staff Exchange Scheme between Trakia University (Bulgaria), University of Johannesburg (South Africa), University of Rhodes (South Africa), Kaposvar University (Hungary) and Defence Research and Development Organization (DRDO, Ministry of Defence, India) with title “Studies on some herbal additives giving partial protection against toxic or immunosuppressive effects of some mycotoxins and improving wound granulation“ – HERBAL PROTECTION (PIRSES-GA-2012-316067) (2013-2016). Budget: 189,000 Euro.

9. Tests on fluralaner and moxidectin in cats – contract with MSD Animal Health Inovation GmbH
Project leader: Assoc. Prof. Zvezdelina Kirkova
Budget: 14 000 € .
