

### List of Academic Staff of the Faculty of Veterinary Medicine

Num.	Name	Departmental affiliations	Teaching responsibilities	FTE
1.	Prof. Alexander Pavlov, DSc, PhD	Department of Food Hygiene and control, Veterinary Legislation and Management	Lectures and practical training	1
2.	Prof. Angel Vodenicharov, Sc, PhD	Department of Veterinary Anatomy, Histology and Embryology	Lectures and practical training	1
3.	Prof. Anelia Milanova, DSc, PhD	Department of Pharmacology, Animal Physiology and Physiological Chemistry	Lectures and practical training	1
4.	Prof. Boycho Bivolarski, PhD	Department of Pharmacology, Animal Physiology and Physiological Chemistry	Lectures and practical training	1
5.	Prof. Dimitrina Gundasheva, DSc, PhD	Department of General and Clinical Pathology	Lectures and practical training	1
6.	Prof. Dimo Girginov, PhD	Department of Animal Husbandry	Lectures and practical training	1
7.	Prof. Ivan Dinev, DSc, PhD	Department of General and Clinical Pathology	Lectures and practical training	1
8.	Prof. Ivan Penchev, DSc, PhD	Department of Pharmacology, Animal Physiology and Physiological Chemistry	Lectures and practical training	1

9.	Prof. Ivan Zarkov, DSc, PhD	Department of Veterinary Microbiology, Infectious and Parasitic Diseases	Lectures and practical training	1
10.	Prof. Ivan Vashin, DSc, PhD	Department of Food Hygiene and control, Veterinary Legislation and Management	Lectures and practical training	1
11.	Prof. Iliia Tsachev, DSc, PhD	Department of Veterinary Microbiology, Infectious and Parasitic Diseases	Lectures and practical training	1
12.	Prof. Lilyan Sotirov, DSc, PhD	Department of Animal Husbandry	Lectures and practical training	1
13.	Prof. Mihail Paskalev, DSc, PhD	Department of Veterinary Surgery	Lectures and practical training	1
14.	Prof. Mihni Lyutskanov, DSc, PhD	Department of Veterinary Microbiology, Infectious and Parasitic Diseases	Lectures and practical training	1
15.	Prof. Nasko Vasilev, PhD	Department of Obstetrics, Reproduction and Reproductive Disorders	Lectures and practical training	1
16.	Prof. Rumen Binev, PhD	Department of Internal Diseases	Lectures and practical training	1
17.	Prof. Stoycho Stoev, DSc, PhD	Department of General and Clinical Pathology	Lectures and practical training	1
18.	Prof. Teodora Mircheva, DSc, PhD	Department of Pharmacology, Animal Physiology and	Lectures and practical training	1

		Physiological Chemistry		
19.	Assoc. Prof. Angel Pavlov, PhD	Department of Pharmacology, Animal Physiology and Physiological Chemistry	Lectures and practical training	1
20.	Assoc. Prof. Andrey Ivanov, PhD	Department of Veterinary Microbiology, Infectious and Parasitic Diseases	Lectures and practical training	1
21.	Assoc. Prof. Anton Rusenov, PhD	Department of Internal Diseases	Lectures and practical training	1
22.	Assoc. Prof. Valentina Urumova, DSc, PhD	Department of Veterinary Microbiology, Infectious and Parasitic Diseases	Lectures and practical training	1
23.	Assoc. Prof. Valentin Semerdjiev, PhD	Department of Animal Husbandry	Lectures and practical training	1
24.	Assoc. Prof. Valentin Rusev, PhD	Department of Food Hygiene and control, Veterinary Legislation and Management	Lectures and practical training	1
25.	Assoc. Prof. Vladimir Petrov, PhD	Department of Veterinary Microbiology, Infectious and Parasitic Diseases	Lectures and practical training	1
26.	Assoc. Prof. Galina Simeonova, PhD	Department of Veterinary Surgery	Lectures and practical training	1

27.	Assoc. Prof. Gergana Balieva, PhD	Department of Food Hygiene and control, Veterinary Legislation and Management	Lectures and practical training	1
28.	Assoc. Prof. Georgi Penchev, PhD	Department of Veterinary Anatomy, Histology and Embryology	Lectures and practical training	1
29.	Assoc. Prof. Dian Kanakov, PhD	Department of Internal Diseases	Lectures and practical training	1
30.	Assoc. Prof. Dimitar Kostov, PhD	Department of Veterinary Anatomy, Histology and Embryology	Lectures and practical training	1
31.	Assoc. Prof. Dimitrinka Zapryanova, PhD	Department of Pharmacology, Animal Physiology and Physiological Chemistry	Lectures and practical training	1
32.	Assoc. Prof. Dinko Dinkov, PhD	Department of Food Hygiene and control, Veterinary Legislation and Management	Lectures and practical training	1
33.	Assoc. Prof. Diyana Vladova, PhD	Department of Veterinary Anatomy, Histology and Embryology	Lectures and practical training	1
34.	Assoc. Prof. Dobri Yarkov, PhD	Department of Animal Husbandry	Lectures and practical training	1
35.	Assoc. Prof. Evgeni Slavov, PhD	Department of General and Clinical Pathology	Lectures and practical training	1
36.	Assoc. Prof. Ekaterina Vachkova, PhD	Department of Pharmacology, Animal Physiology and	Lectures and practical training	1

		Physiological Chemistry		
37.	Assoc. Prof. Zvezdelina Yaneva, PhD	Department of Pharmacology, Animal Physiology and Physiological Chemistry	Lectures and practical training	1
38.	Assoc. Prof. Zvezdelina Kirkova, PhD	Department of Veterinary Microbiology, Infectious and Parasitic Diseases	Lectures and practical training	1
39.	Assoc. Prof. Krasimira Uzunova, PhD	Department of Animal Husbandry	Lectures and practical training	1
40.	Assoc. Prof. Lilko Dospatliev, PhD	Department of Pharmacology, Animal Physiology and Physiological Chemistry	Lectures and practical training	1
41.	Assoc. Prof. Maria Andonova, DSc, PhD	Department of General and Clinical Pathology	Lectures and practical training	1
42.	Assoc. Prof. Nadia Bozakova, PhD	Department of Animal Husbandry	Lectures and practical training	1
43.	Assoc. Prof. Nikolay Goranov, PhD	Department of Veterinary Surgery	Lectures and practical training	1
44.	Assoc. Prof. Nikolay Sandev, PhD	Department of Veterinary Microbiology, Infectious and Parasitic Diseases	Lectures and practical training	1
45.	Assoc. Prof. Petko Dzhelebov, PhD	Department of General and	Lectures and practical training	1

		Clinical Pathology		
46.	Assoc. Prof. Petyo Prelezov, PhD	Department of Veterinary Microbiology, Infectious and Parasitic Diseases	Lectures and practical training	1
47.	Assoc. Prof. Plamen Georgiev, PhD	Department of Obstetrics, Reproduction and Reproductive Disorders	Lectures and practical training	1
48.	Assoc. Prof. Parvan Parvanov, PhD	Department of Veterinary Microbiology, Infectious and Parasitic Diseases	Lectures and practical training	1
49.	Assoc. Prof. Radostin Simeonov, PhD	Department of General and Clinical Pathology	Lectures and practical training	1
50.	Assoc. Prof. Rosen Dimitrov, PhD	Department of Veterinary Anatomy, Histology and Embryology	Lectures and practical training	1
51.	Assoc. Prof. Romyana Moutafchieva, PhD	Department of Pharmacology, Animal Physiology and Physiological Chemistry	Lectures and practical training	1
52.	Assoc. Prof. Sasho Sabev, PhD	Department of Internal Diseases	Lectures and practical training	1
53.	Assoc. Prof. Svetozar Krastev, PhD	Department of Veterinary Surgery	Lectures and practical training	1
54.	Assoc. Prof. Stanimir Yotov, PhD	Department of Obstetrics, Reproduction and	Lectures and practical training	1

		Reproductive Disorders		
55.	Assoc. Prof. Todor Stoyanchev, PhD	Department of Food Hygiene and control, Veterinary Legislation and Management	Lectures and practical training	1
56.	Assoc. Prof. Tsvetan Chaprazov, PhD	Department of Veterinary Surgery	Lectures and practical training	1
57.	Assist. Aleksandar Atanasov, PhD	Department of Animal Husbandry	Practical training	1
58.	Assist. Prof. Anatoli Atanasov, PhD	Department of Obstetrics, Reproduction and Reproductive Disorders	Lectures and practical training	1
59.	Assist. Prof. Anton Antonov, PhD	Department of Obstetrics, Reproduction and Reproductive Disorders	Lectures and practical training	1
60.	Assist. Vanya Marutsova, PhD	Department of Internal Diseases	Lectures and practical training	1
61.	Assist. Vladi Nedev, PhD	Department of Veterinary Surgery	Practical training	1
62.	Assist. Genadi Kostadinov	Department of Veterinary Anatomy, Histology and Embryology	Practical training	1
63.	Assist. Georgi Terziev, PhD	Department of Veterinary Surgery	Practical training	1

64.	Assist. Georgi Zhelev, PhD	Department of Veterinary Microbiology, Infectious and Parasitic Diseases	Lectures and practical training	1
65.	Assist. Gosho Mihaylov	Department of Veterinary Microbiology, Infectious and Parasitic Diseases	Practical training	1
66.	Assist. David Yovchev	Department of Veterinary Anatomy, Histology and Embryology	Practical training	1
67.	Assist. Prof. Deyan Stratev, PhD	Department of Food Hygiene and control, Veterinary Legislation and Management	Lectures and practical training	1
68.	Assist. Donika Ivanova, PhD	Department of Pharmacology, Animal Physiology and Physiological Chemistry	Practical training	1
69.	Assist. Zhenya Ivanova, PhD	Department of Pharmacology, Animal Physiology and Physiological Chemistry	Practical training	1
70.	Assist. Ivan Valchev	Department of Internal Diseases	Practical training	1
71.	Assist. Prof. Ivan Fasulkov, PhD	Department of Obstetrics, Reproduction and Reproductive Disorders	Lectures and practical training	1
72.	Assist. Prof. Ivelina Pavlova, PhD	Department of Pharmacology, Animal Physiology and	Practical training	1

		Physiological Chemistry		
73.	Assist. Ismet Kalkanov, PhD	Department of General and Clinical Pathology	Practical training	1
74.	Assist. Yoana Petrova	Department of Pharmacology, Animal Physiology and Physiological Chemistry	Practical training	1
75.	Assist. Prof. Kamelia Stamatova, PhD	Department of Veterinary Anatomy, Histology and Embryology	Practical training	1
76.	Assist. Koycho Koev	Department of Veterinary Microbiology, Infectious and Parasitic Diseases	Practical training	1
77.	Assist. Krasimir Stoyanchev	Department of Internal Diseases	Practical training	1
78.	Assist. Prof. Krum Nedelkov, PhD	Department of Animal Husbandry	Практически занятия	1
79.	Assist. Lazarin Lazarov	Department of Internal Diseases	Practical training	1
80.	Assist. Laska Kostadinova	Department of Food Hygiene and control, Veterinary Legislation and Management	Practical training	1
81.	Assist. Prof. Manol Karadaev, PhD	Department of Obstetrics, Reproduction and Reproductive Disorders	Practical training	1

82.	Assist. Mariana Strateva	Department of Veterinary Anatomy, Histology and Embryology	Practical training	1
83.	Assist. Miroslav Mihaylov	Department of Internal Diseases	Practical training	1
84.	Assist. Prof. Natalia Grigorova, PhD	Department of Pharmacology, Animal Physiology and Physiological Chemistry	Practical training	1
85.	Assist. Prof. Nevena Nikolova, PhD	Department of Animal Husbandry	Lectures and practical training	1
86.	Assist. Neli Grozeva	Department of General and Clinical Pathology	Practical training	1
87.	Assist. Nikolay Tsandev	Department of Veterinary Anatomy, Histology and Embryology	Practical training	1
88.	Assist. Nikola Nizamov	Department of Veterinary Microbiology, Infectious and Parasitic Diseases	Practical training	1
89.	Assist. Nikolay Nikolov	Department of Internal Diseases	Practical training	1
90.	Assist. Prof. Nikolina Rusenova, PhD	Department of Veterinary Microbiology, Infectious and Parasitic Diseases	Practical training	1
91.	Assist. Prof. Penka Yonkova, PhD	Department of Veterinary Anatomy, Histology and Embryology	Practical training	1

92.	Assist. Petar Iliev	Department of Veterinary Microbiology, Infectious and Parasitic Diseases	Practical training	1
93.	Assist. Plamen Marutsov	Department of Veterinary Microbiology, Infectious and Parasitic Diseases	Practical training	1
94.	Assist. Radina Vasileva	Department of Veterinary Surgery	Practical training	1
95.	Assist. Radka Garnoeva	Department of Veterinary Surgery	Practical training	1
96.	Assist. Ralica Kyuchukova, PhD	Department of Food Hygiene and control, Veterinary Legislation and Management	Practical training	1
97.	Assist. Rositsa Dimova	Department of Pharmacology, Animal Physiology and Physiological Chemistry	Practical training	1
98.	Assist. Rumen Roydev	Department of Veterinary Surgery	Practical training	1
99.	Assist. Hristo Hristov	Department of Veterinary Anatomy, Histology and Embryology	Practical training	1
100.	Assist. Prof. Tsanko Hristov	Department of Internal Diseases	Practical training	1

101.	Assist. Prof. Tsvetoslav Koynarski, PhD	Department of Animal Husbandry	Lectures and practical training	1
------	---	--------------------------------	---------------------------------	---

**A list of the disciplines taught in each department**

Department	Disciplines taught
Department of Animal Husbandry	Genetics and breeding Ecology Animal husbandry Nutrition and agronomy Veterinary hygiene (VHPE) Molecular biology Ethology, protection and animal welfare Veterinary sanitary feed control Hereditary diseases in domestic animals Dietetics
Department of Veterinary Anatomy, Histology and Embryology	Cytology, histology and embryology Systematic anatomy of domestic animals Techniques for animal preparation Topographic anatomy
Department of Pharmacology, Animal Physiology and Physiological Chemistry	Medical chemistry Animal physiology Biochemistry Pharmacology and pharmacy Endocrinology Clinical biochemistry of domestic animals Pharmacotherapy
Department of General and Clinical Pathology	Organisation of experiments Immunology Functional pathology General veterinary pathology Special pathological anatomy Veterinary oncology
Department of Veterinary Microbiology, Infectious and Parasitic Diseases	Veterinary microbiology Veterinary virology Epidemiology and preventive medicine General parasitology Infectious diseases – farm animals Parasitic diseases Biology and diseases of bees and silkworms Tropical diseases Infectious diseases of the horse, dog and cat Clinical veterinary microbiology

Department of Internal Diseases	Propaedeutics of internal non-infectious diseases and clinical-laboratory diagnostic Cynology Internal non-infectious diseases (general part) Dermatology Clinical toxicology Neurology Internal non-infectious diseases of small animals Internal non-infectious diseases of farm animals Biology and diseases of wild animals Internal non-infectious diseases of equine animals Management of herd health
Department of Veterinary Surgery	General surgery Veterinary physical therapy Operative surgery Veterinary radiology Anaesthesiology and intensive care Veterinary dentistry Exotic animal surgery Ophthalmic surgery
Department of Obstetrics, Reproduction and Reproductive Disorders	Animal reproduction Obstetrics Assisted reproductive technologies in farm animals Diseases of newborn animals
Department of Food Hygiene and control, Veterinary Legislation and Management	History of Veterinary medicine Economics and management of animal husbandry Professional ethics Biology and diseases of hydrobionts Food safety (veterinary and sanitary control of foodstuffs) Hygiene and technology of meat and meat products Laboratory control of food products Forensic veterinary medicine Public veterinary activities and legislation Hygiene and technology of milk and dairy products Management of private veterinary practice
