STARA ZAGORA
FACULTY OF VETERINARY MEDICINE**

INTERNATIONAL SCIENTIFIC CONFERENCE

ONE HEALTH

INVITATION

May 12, 2023

Stara Zagora

Dear researchers and colleagues,

The administration of the Faculty of Veterinary Medicine at Trakia University cordially invites you to participate in the international scientific conference "ONE HEALTH", part of the events, dedicated to 100 years of the Faculty of Veterinary Medicine. You can use this opportunity to share your ideas, experience, and achievements from national and international, fundamental or applied research. The veterinary medical profession grows and develops through new knowledge and current scientific achievements, as well as its interactions with practice and education. Discussions in the clinical and pre-clinical fields open up new possibilities for partnership, network data transfer, transnational specialised teams, digitalisation, miniaturisation, artificial intelligence, nanomedicine, and many other key competences.

SCIENTIFIC FIELDS

A. Antimicrobial resistance on the agro-food chain and humans

B. Alternative agents with antimicrobial application

C. Clinical Veterinary Medicine and Animal Health

D. Food security. Biological and preclinical sciences

E. Livestock and green innovation. Education and management.

INSTRUCTIONS TO PARTICIPANTS

The scientific conference includes presentation of plenary reports, oral and poster presentations of scientific communications on current issues of the veterinary science and the higher veterinary education. With priority will be accepted works, presenting the results of research with students and PhD students. The papers must not be published until now. The program will accept requests for company presentations.

Official languages of the conference are Bulgarian and English. The text on the slides in Power Point presentations should be in English and this in poster - Bulgarian or English.

Requirements:

Plenary report – up to 30minutes

Report - 10 minutes

Poster - size 75h110 cm

INSTRUCTION TO AUTHORS

The authors declare their willingness to participate in the conference through an application form <https://forms.gle/MTPb7Tbe4iimq8r58>

The organizers reserve the right to change the form of participation for which authors will be informed

- For each request (manuscript) must be sent a separate application form

PUBLICATION OF MANUSCRIPTS

Manuscripts from the conference will be published after their final preparation and presentation until 12 June 2023 as follows:

1. In Bulgarian Journal of Veterinary Medicine – according to the requirements of the journal. The manuscripts are sent to the Editorial Office at journal.bjvm@gmail.com and are evaluated by two reviewers and discussed at Editorial Board meeting before the final decision for publication is taken.

2. In Trakia Journal of Sciences – according to the requirements of the journal - <http://tru.uni-sz.bg/tsj/>. The manuscripts are presented in the Editorial Office of TJS to be reviewed for publication.

3. In a supplement of the Bulgarian Journal of Veterinary Medicine as original paper. The manuscripts, prepared in Bulgarian or English, should be sent to the Editorial Office at journal.bjvm@gmail.com until 12 June 2023.

INSTRUCTIONS FOR PREPARATION OF THE MANUSCRIPTS FOR THE SUPPLEMENT

The text should be typed on standard A4 sheet, 30 lines per page, up to 5 pages (alongside with the abstract, the list of references, tables, figures etc.). **Original papers** should be organized in the following order:

- **Title.** Authors are kindly requested to use brief titles (about 80 characters), strictly to the point and without abbreviations.
- **Authors' names, family name and address** of the institution where they work. The initials of their first and second names and their full family names should be written. Affiliation is marked by superscript after the name (Arabic numerals).
- **Summary.** The summary should state briefly (max. 1000 characters) the essential information and paper contribution to the respective scientific topic.
- **List of key words (up to 6)**
- **Introduction**
- **Materials and methods**
- **Results**
- **Discussion.** The conclusions might be included in "Discussion" or in a separate section "Conclusions".
- **Acknowledgements**
- **References**
- **Tables**
- **Figures**
- **Text to the figures**
- **Address for correspondence**

Tables and illustrations (graphs, drawings) should be given on separate pages and numbered in Arabic numerals according to their sequence in the text. Each table should have a title comprehensible enough without reading the text. Graphs and drawings should be made with maximum clarity. Duplication of data from the tables is not accepted. Digital photographs should be with resolution at least 300x300 dpi. Preferred formats are *JPG, *TIFF, *.EPS, *.AI. The color images are for the online version of the Supplement, whereas the printed version will contains images in black and white. Graphs have to be presented in black and white, preferably in *XLS format for facilitation of printing process. The editorial office may request a clean set of photographs for design purposes. The scale of the figure is indicated at the right bottom by a line scale and the size is given in parentheses at the end of the figure caption, e.g. (bar = 10 μ m).

References. In all citations in the text the author's family name and the year of the publication should be given e.g.: (Morris, 2017). If the authors are two, both names are referred to e.g.: (Barton & Moore, 2015), and if they are 3 or more: the first author's name should be used, followed by "et al." e.g.: (Levi et al., 2014). If several authors are cited, their names are chronologically arranged and if their publications are in one and the same year \square alphabetically.

The arrangement of the publications should be done in alphabetical order according to the first author's name. If several publications by the same author are referred to, the following order should be used: publications of the single author, followed by publications with co-authors. Publications by the same author(s) in the same year should be listed as: 2015a, 2015b etc. Examples for the reference style are given below.
